- Model evaluation
- Scikit-Learn workflows
- Applied ML case studies

04

Visualization & Dashboards

Weeks 14–17

- Power BI fundamentals
- Building interactive dashboards
- Data storytelling
- Report automation

05

Capstone & Job Prep

Weeks 18–20

- End-to-end analytics capstone
- Portfolio dashboard project
- Resume & interview prep
- Mock case interviews

Capstone: Turn raw data into a decision-ready insight

Guided by mentors from real-world analytics teams

01

Industry-Aligned Curriculum

Learn the exact tools — SQL, Power BI, Scikit-Learn — that turn raw business data into decision-ready insight.

02

Hands-On Projects

9 real-world projects, from statistical analysis to ML models and dashboards, built into a portfolio-ready capstone.

03

Mentor-Led Learning

Small cohorts guided by practitioners who answer real business questions with data, not just theory.

04

Career Support

Dedicated interview preparation and placement assistance as part of the capstone module.

WHO IS THIS FOR

Analysts, business professionals, and career switchers who want to combine statistics, ML, and dashboarding.

FORMAT

5-month live online program with weekly sessions, projects, and 1:1 mentorship.

OUTCOME

A decision-ready analytics portfolio and interview-ready case study by graduation.

LEARNER RATING

"Real business questions. Real mentors. Decision-ready insight."

Admission Process

Four simple steps to start building your AI analytics portfolio.

1

Apply Online

Submit your application and background details.

2

Screening Call

A short call to understand your goals and fit.

3

Offer & Enrollment

Secure your seat with enrollment confirmation.

4

Cohort Kickoff

Begin the program with your live cohort.

Ready to turn data into insight?

Enroll now — limited seats for the upcoming cohort.
